

LATAM group transported 5.9 million passengers in June

- *During this period, 7 new international routes were launched. The new Lima-Caracas route starts on August 1, while the Lima-La Havana service begins on October 29.*
- *LATAM Cargo added its 18th cargo freighter (Boeing 767-300BCF), which will enable it to increase its share of the region's export markets.*
- *In June 2023, passenger traffic (measured in revenue passenger-kilometers - RPK) increased by 33.0% compared to the same period in 2022, and operations measured in ASKs (available seat-kilometers) increased by 28.1%.*

July 11, 2023 - LATAM group announced that it transported 5.9 million passengers in June of this year, 26.5% more than the same month of the previous year. At the same time, the company reported the latest updates in its operations in recent weeks, including the inauguration of 7 new routes, including Bogota-Orlando (as part of the commercial agreement with Delta Air Lines), the daily flight between Lima and Caracas and the Lima-La Havana route, starting on October 29.

During the period, LATAM Cargo group affiliates officially incorporated their 18th cargo freighter (Boeing 767-300BCF), enabling them to increase their participation in export and import markets in the region.

Operational statistics for June 2023

In June 2023, passenger traffic (measured in revenue passenger-kilometers - RPK) increased by 33.0% compared to the same period in 2022, and operations measured in ASKs (available seat-kilometers) increased by 28.1%. As a result, the load factor increased 3.1 percentage points, reaching 83.0%.

Cargo capacity (measured in available ton-kilometers - ATK) increased by 21.4% in relation to June 2022.

The following table summarizes the operational statistics for the month and the accumulated to date for the main business units of LATAM:

ABOUT LATAM GROUP

LATAM Airlines Group S.A. and its subsidiaries are the leading airline group in Latin America, with presence in five domestic markets in the region: Brazil, Chile, Colombia, Ecuador and Peru, in addition to international operations within Latin America and to Europe, Oceania, the United States and the Caribbean.

The group has a fleet of Boeing 767, 777, 787, Airbus A321, A320, A320neo and A319 aircraft. LATAM Cargo Chile, LATAM Cargo Colombia and LATAM Cargo Brazil are the LATAM group's cargo subsidiaries, having a combined fleet of 18 freighter aircraft, which will gradually increase to a total of 19 cargo aircraft by 2024. These cargo subsidiaries have access to the group's passenger aircraft, and operate within the LATAM group network, as well as on exclusive international routes for cargo transportation. In addition, they offer a modern infrastructure and a wide variety of services and support options to meet the needs of its customers.
